COLEMAN BOASTS FOX FARM STOCKED WITH 33 VALUABLE ANIMALS

Owner Values Beauties at \$600 Each—Need Very Careful Dieting

COLEMAN, Aug. 13.—An interesting spot a short distance west of Coleman is the Star Creek Fox Farm, owned by A. Beck. Though having been started a couple of years ago, comparatively little is known by the people of Coleman of this industry and the progress made, for at the present time there are 33 black foxes each worth on an average at least \$600, and requiring almost as much care as young children.

The farm is ideally located for the purpose, being well sheltered, and the foxes have been kept in a remarkably healthy condition. It is of interest to note the various items that enter into the daily menu. In a specially built kitchen convenient to the pens Mr. Beck prepares his meals, which include fresh meat, eggs, fish, charcoal, cake and other enticing tit-bits which are especially appreciated by such fastidious animals as black foxes, and their menu has to be watched just as carefully as that of growing babies.

Still Wild
Though bred in captivity, the animals retain their natural wildness, and if a stranger visits the pens the foxes immediately retire to the farthest corners and with furtive eyes carefully watch every move.

"Government inspection is made every year by an expert, and every fox is marked by a tattooing of the ear with a distinctive mark, and registered, and any that are not up to standard are kept on a suspended list. If subsequently they do not mature up to the standard, they are culled, which materially reduces these values."

A very interesting hour can be spent in visiting the farm, and it is surprising the amount of work entailed in caring for a family such as Mr. Beck has, for with animals of such high monetary value the utmost vigilance must be maintained to keep them in the pink of condition.

There is every prospect of this industry assuming greater importance in this district, and Mr. Beck is deserving of success in his enterprise.

Thousand Cars a Day

A recent tally of cars passing between Blairmore and Coleman showed 996 between 7.30 and 8.30 a.m. Count was not kept after the latter hour. These figures were for Saturday traffic. The week-day traffic showed an average of almost 600 cars. The record was kept by Mr. A. Beck, for the department of highways.

Virginia Olson returned yesterday from a week's holiday at Lethbridge.

Antobus' Sell Good Shoes

EXTENSION OF TIME FOR 10% DISCOUNT ON CURRENT TOWN TAXES

The Town Council has decided, owing to having received several requests, to extend the time limit for Ten per cent. Discount on Current Year's Taxes, till **SATURDAY, AUGUST 18** closing hour 4 p. m.

No Discount allowed on Supplementary Revenue Tax.

Persons who have paid in full since the previous discount date, will be refunded the amount of the discount on applying to the secretary.

This date, Aug. 18, will be the absolutely **FINAL DATE** on which the discount will be allowed.

JAMES FORD,
Secretary-Treasurer

Dated Aug. 4, 1928.

DELEGATE TO PROVINCIAL CONVENTION, CANADIAN LEGION

A meeting of Coleman, Bellevue and Blairmore branches of the Canadian Legion was held on Thursday last to nominate a delegate to the annual convention of the Alberta Command, to be held at Medicine Hat on Aug. 20th. Comrade Robert Lloyd, secretary of Coleman branch, was nominated. Present from Coleman were W. Holly, Jim Hadley, Seth Raymond and Bob Lloyd.

Tennis Players One Up on Blairmore

Return Games Will Decide Which Club Will Play Against Fernie in Champlain Series

COLEMAN, Aug. 13.—Inter-club matches in the Crow's Nest Pass lawn tennis association series were played here on Aug. 12 between Blairmore and Coleman when Coleman won five of the nine events played. The return matches will be played at Blairmore shortly, and the winners of the highest number of games played between the two towns will play off with Fernie to decide which club will play in the finals, Kimberley and Cranbrook playing off for the western division of the association.

The results of the games here on Aug. 12 were as follows, the last named in each event being the Coleman players:

Men's singles—Hnatyahn lost to Lindoe 6, 6; Jones beat Barnes 6, 4; Pinkney lost to Kwany 6, 6, 6, 6.

Men's doubles—Hnatyahn and Pinkney lost to Kwany and Lindoe 4, 6; 6, 4; Jones and Penman lost to Barnes and McLeod 6, 4, 6, 4.

Mixed doubles—Mrs. Kerr and Hnatyahn beat Miss Burns and Lindoe 6, 4; 6, 1; Mrs. Jones lost to Mrs. A. Graham and Barnes 7, 5, 6, 1.

Ladies' singles—Mrs. Kerr beat Miss Greenhalgh 6, 1, 6, 2.

Ladies' doubles—Mrs. Kerr and Mrs. Jones beat Misses Burns and Greenhalgh 6, 1, 6, 0.

The return of the six swarthy fishermen who spent last week at the northwest branch of the North Fork, some became known on Saturday evening, when they began to distribute their week's catch among their friends, who appreciated their kindness. Some of the party were delightfully embellished with whiskers and sunburn. Yes, indeed! a good time had by all.

Try a classified adv. It may sell something that you wish to dispose of. The cost is 10c per line.

Ramsay MacDonald Tours Canada

Group taken aboard the Canadian Pacific liner "Empress of France" on the arrival of the leader of the British Labour Party, J. Ramsay MacDonald and his three daughters, Isabel, Joan and Sheila, for a six weeks tour of the Dominion. Left to right: Joan MacDonald, Isabel, youngest member of the L.C.C., Captain Griffiths, commander of the "Empress," The Right Hon. J. Ramsay MacDonald, and Sheila, R. Hon. Ramsay MacDonald and his daughters will tour Canada, visiting Banff, Lake Louise, Vancouver and other Western points and sail for England in September on the "Empress of Australia."

DOLORES DEL RIO IN "RAMONA" AT PALACE THEATRE

Helen Hunt Jackson's American love classic, which millions have read, will be screened at the Palace on Friday and Saturday. That wonderful entrancing artist of the movies, Dolores Del Rio, plays the title role and in the supporting cast are Warner Baxter, Vera Lewis, Roland Drew and Michael Visaroff.

This play has won unprecedented approval in the cities and will prove an extraordinary feature for this week-end. Del Rio, the star, and Carewe, the director, surpass their "Resurrection" success.

Coleman Garage Makes Announcement on Ford Cars

Ford Motor Company of Canada, Limited, is enjoying the greatest period of production activity in the history of the company, having reached and exceeded peak production with a total of more than 500 motors a day. W. R. Campbell, vice-president and treasurer, made public this announcement and at the same time disclosed the fact that more than 10,000 are on the payroll of the company in Canada.

"The public demand for the new car is such that it will be necessary for us to maintain the greatest production schedule in the history of the company," said Mr. Campbell. "More than 8000 men are engaged in the manufacturing units of the plant at Ford City, and another 1500 men are producing cars in assembly plants at Toronto, Montreal and Winnipeg."

"In spite of the fact that about 400 cars a day are being delivered to purchasers in Canada, there is always a list of orders on file." It was explained that for every car there is a new order received, which keeps the order list at a sustained level.

Continuing the interview, it was stated that the market for the new car in Canada and the British overseas dominions was better than at any previous time. During the winter months in Canada the demand for motor cars is somewhat retarded, but in overseas territories this demand increases. This balanced and sustained demand will make it necessary for the Ford Motor Company of Canada to maintain its present production schedule throughout the year.

Production on the new standard coupe is announced, and in this model there is incorporated all the refinements of the new Fordor with the dash and sleekness of the roadster. It will be on display at the Canadian National Exhibition, and it is expected to create its own place in the market for the individual car. It is expected to serve as the ideal model to round out the motoring freedom of the family requiring the second car.

In concluding his announcement, Mr. Campbell stated: "In our organization, as an example, we are buying more material, paying out more wages and selling more cars than ever before. That it will continue is more apparent each day."

Miss Ines Dunlop, of the Milo Valley hospital staff, of Merritt, B.C., is spending her vacation with her mother, Mrs. C. F. Dunlop.

Personal and Local

Coming to the Palace Theatre Aug. 24-25, the famous picture "Dawn."

Margaret Darrow of Calgary is visiting with Mr. and Mrs. H. C. McBurney.

Mrs. A. Beck is spending a few weeks' holiday visiting relatives in Saskatoon, Sask.

Miss Allen of Westlock is assisting in the post office during the absence of Mrs. Graham on holidays at Nelson, B.C., where she is visiting her parents.

Bellevue's annual exhibition and horticultural show will take place on Labor Day, Monday, Sept. 3. Prices will be furnished on application to John Curry, secretary, Bellevue.

D. E. McLean returned on Saturday from three weeks' holiday at Nanton, Alta. Mrs. McLean is remaining for a week or two, and on her return will be accompanied by Mr. McLean's sister.

Miss Treffry, of Portage la Prairie, Man., has been appointed to the nursing staff of the Miners' Hospital, Miss Wyatt, for a year on the staff, left on Monday of last week for her home in Yorkton, Sask.

A. F. Cady, salesman for the McGillivray Coal & Coke Co., Ltd., covering the prairie provinces, left on a three months' trip visiting various points in the interests of the company.

Mr. and Mrs. W. Morgan of Calgary visited with Mr. and Mrs. Geo. Morgan here this week-end, having come down to attend the funeral of their late brother's wife, Mrs. Joe Morgan, which took place on Saturday at Pincher Creek.

Geo. Brown returned on Monday morning from the big conclave of Elks from all parts of the Dominion held in Regina, and states there was a big representation from the western provinces, Alberta being only a few behind Saskatchewan.

Mr. and Mrs. C. W. MacKinnon and daughter left on Friday evening on their vacation, proceeding to Banff, from where they intended going to Spokane and coast cities. C. C. Totton of Lethbridge is relieving at the depot during Mr. MacKinnon's absence.

The annual convention of the Alberta Press Association is to be held in the Marquis Hotel, Lethbridge, on Sept. 13 and 14. The executive states that every effort is being made to arrange a worthy programme, both from a business and entertainment standpoint.

A recent issue of the Carstairs News contains a report of the wedding of Pearl Rose, daughter of the late Mr. and Mrs. B. Van Dusee, to Mr. Fay Alfred Stone. Miss Dusee is a sister of Mr. Van Dusee of the Bank of Commerce staff here. The bride-maid was Miss Constance Hope, of Coleman.

OBITUARY

William Foster Thompson

After four years' illness, W. F. Thompson, residing on Fifth Street, died on Friday, aged 56 years. He formerly worked in the mines here, and originally came from Northumbria, England. The funeral was held on Sunday afternoon, service being read at St. Alban's church, the rector officiating. The members of the Miners' Union attended in a body, and marched to the cemetery. Deceased is survived by his wife.

Wraths were sent by the following: Mrs. Thompson, Louis and Harry Brown, Mr. and Mrs. K. Tiffin, Mr. and Mrs. Walter Nelson, Mr. and Mrs. J. C. Lang, Mr. Wm. Mackin and Blanche, Mr. and Mrs. Sam Moore, Mr. and Mrs. W. Hoggan, Mr. and Mrs. J. F. Rogers, Mr. and Mrs. Wm. Gies and daughters, Mr. and Mrs. Harry Clark, Mr. and Mrs. Joe

JOHN PETROSKI DIED ON SUNDAY

End Came Unexpectedly to Well Known McGillivray Miner—Funeral Held Yesterday

General regret was expressed throughout the town when it became known on Sunday afternoon that John Petroski had passed away in Coleman hospital.

During June deceased was injured in the McGillivray mine, being badly squeezed by a rock fall, and after undergoing treatment he was discharged on July 1. Recently he was taken ill, and re-admitted to hospital last week, suffering from pleurisy. Up until Sunday he appeared to be progressing towards recovery, and was quite cheerful, taking his meals as usual on Sunday. About noon he complained of feeling himself sinking, remarking to a patient in the next bed that he felt he was done.

Everything possible was done to stimulate him, but he began to sink fast and passed away at 2 p.m. He was 36 years of age, and is survived by his wife and three children.

Deceased was of Polish nationality, and was highly thought of in town, having worked here for many years. A large number attended the funeral yesterday, service being at the Church of the Holy Ghost. The Citizens Band headed the procession from the home in West Coleman to the church, playing the Dead March, and the Polish Society, the Miners' Union and the Women of the Moonshorn Legion marched in the procession.

Stevenson, Mr. and Mrs. R. L. Thomas' Mine Workers Union of Canada.

Card of Thanks

Mrs. Thompson desires to express her deep appreciation of the kindness of neighbors and friends in her bereavement and to thank all who sent flowers and loaned cars for the funeral.

RED ROSE TEA "is good tea"

Red Rose Orange Pekoe is the finest
tea in the best package—Aluminum
Canada To The Fore

The breaking of records by Canada is becoming a commonplace. It is indeed an off year when, in some branch of human activity and endeavor, this young Dominion does not attract world attention to itself by some new and startling achievement.

Prior to the war, Canada was hardly known, even as a name, to the vast majority of the peoples of Europe, and those who recognized the name had but slight knowledge of the country. To most of the world, Canada was one of the colonies which Britain had scattered here and there over the face of the globe, but which was of little value and of still less importance in world affairs.

In the war Canada made a name for itself, and other nations were suddenly made to realize that there had arisen in the western hemisphere a nation which already was helping to write history in large and impressive characters and was destined to have a profound effect upon international relations, political and economic. Canada's war effort, perhaps as nothing of a less spectacular nature could have done, to turn the attention of the people of the United States northward, and awaken them to the fact that the whole of North America was not to be found within the confines of the republic; that, on the contrary, a second American power was rapidly developing at their very doors.

Since the war the reality of this fact has year by year been emphasized. Long the world's greatest exporter of wheat, the United States has seen Canada pass it and secure that title by a wide margin. Within the past year or two, the United States has been forced to also relinquish to Canada the distinction of being the world's largest manufacturer of paper. Steadily, year by year, Canada has been passing other countries in its production of gold and is now within measurable distance of overtaking the United States and assuming second place to South Africa.

Contributing a volume of only minor importance to the total trade and commerce of the world a bare generation ago, Canada is now one of the world's greatest traders, a factor to be reckoned with in all the markets of the world. Before the war, dependent upon the money markets of Great Britain and the United States to finance its many undertakings, Canadians today are able not only to finance their own country, but to an ever increasing extent are financing huge undertakings in other countries, while at the same time rapidly buying back into full Canadian control many large corporations of this country which in years of our financial immaturity were financed and controlled by British and United States capitalists.

The war, and Canada's significant participation therein, also had the effect of raising the international status of the Dominion, giving it not only a status of equality with Great Britain within the Empire, but the rank of a nation in the council of nations. The refusal of the United States to join the League of Nations undoubtedly had the effect of the more directly focusing attention upon the North American nation which did join, and placing Canada in the forefront in the League membership.

And since destiny thus called upon Canada to play its part in the International arena, this Dominion assumed the responsibility with dignity and real effectiveness. Its place around the council board at Geneva has been no minor nor insignificant one. Rather, Canada has wielded an influence possibly out of proportion to its present population, but in keeping with the growing importance which other nations now attach to this Dominion.

Having thus moved out into the great international arena, Canada this year decided to be worthily represented at the Olympiad, the great meeting place of the athletes of the world. Despite its small and widely scattered population, this young Dominion dared to try conclusions with the much more numerous representatives of other countries in the field of sport and athletic skill and endurance. And again Canada surprised the world. The sons and daughters of the Dominion carried the flag of Canada to victory time and time again, winning many of the premier events. A Canadian school boy, Percy Williams, of Vancouver, achieved the double victory of winning the 100 metres and the 200 metres race, regarded as classics of the great meet. Ethel Catherwood, a Saskatchewan girl, won the high jump and in doing so established a new world's record. A quartette of Toronto girls also broke the world's record in winning the 400 metres relay. Considering the number of events in which the Canadians participated, no other country in the world approached their record.

Canada's future is assured when it can produce virile and courageous young men and women of the stamp of its representatives in the Olympic games, and in the hands of such youth its position as a great agricultural, mining and manufacturing country, as a leader in world finance, and as an arbiter in international relations, is assured. Canada is coming into that proud position which Nature through her bountiful endowments intended it should occupy, and if the Canadian people continue to regard each new achievement as an incentive to still greater effort and enterprise, another generation will see their Dominion occupying a world position second to none.

National Radio Chain

Broadcasting Companies To Improve Quality Of Radio Programs

A national chain broadcast organization, divided into two sections, will commence operation about September 1, it was announced in Toronto, by R. W. Ashcroft, who has been appointed manager of the newly formed Trans-Canada Broadcast Company.

Mr. Ashcroft said the organization of the company was the outcome of a suggestion by P. J. A. Cardin, minister of marine and fisheries, that an effort be made by Canadian broadcast casting companies to improve the

quality of domestic radio programs.

Key stations of the new organization will be located in Winnipeg and Toronto. Stations in Montreal, Ottawa, Kingston, Hamilton, London and Quebec, will be linked up with the eastern section and stations in Saskatchewan, Regina, Edmonton, Lethbridge and Vancouver with the western section.

Russia and Peace Pact

Foreign Minister Of Soviet Republic Refers To Failure Of U.S. To Invite Russia To Sign
George Tchitcherine, foreign minister of the Soviet Republic, issued a lengthy statement to the newspapers hinting at the necessity of the Soviet being one of the original participants in Secretary of State Kellogg's anti-war treaty.

Tchitcherine said the United States' failure to invite the Soviet to sign the pact indicates "a desire to make the pact an instrument of isolation and struggle against the Soviet."

The statement asserted that the pact was incapable of preventing wars "because it does not provide for obligatory disarmament."

Charity covers a multitude of sins that should be allowed to remain uncovered.

Will Need Trained Voices

Talking Movies Will Have To Be Pleasing To Audience

The "talking" movie is just now being much talked about. Producers think it will greatly increase attendance on the pictures. That may be so. But it won't unless movie actors and actresses learn to speak as well as to "register emotion."

A voice has as much personality as a face, perhaps more. As long as it is not allowed to interfere with the face, all goes well; but when the face on the screen is fascinating, and the voice uncalculated and feeble, the contrast makes the audience either uncomfortable or amused. Neither state of mind is good for the box office.

Imperial Oil Development

Spending Million Dollars In Improvements To Regina Plant

When two new storage tanks to be built by the Imperial Oil Company for the plant at Regina are completed, the company will have spent something very close to \$1,000,000 in improvements within 12 months.

Last year the company spent \$750,000 in plant equipment. This year a road oil making plant has just been completed at a cost of \$50,000. The two new storage tanks, both of them 120 feet wide, every way by 42 feet high, will cost something like \$125,000 each.

GIRLS AND WOMEN NEED RICH BLOOD

This Lady Found Dr. Williams' Pink Pills a Friend Indeed

Just because she is a woman there are times when every woman needs help and strength in the form of a blood-building tonic. To thousands of girls and women Dr. Williams' Pink Pills have proved a blessing because they enrich the blood, give strength and restore tone to the aching nerves. The anemic girl who is languid and pale; the wife whose back feels like breaking; the mother whose health falls as she reaches middle age—for all such sufferers Dr. Williams' Pink Pills are invaluable because ill-health in girls and women is usually caused by poor blood or insufficient blood. These pills have proved a blessing to thousands of others who not only at various stages of life Mrs. G. R. Lake, Walton, N.S., has proved the value of Dr. Williams' Pink Pills. She says:—"I first used these pills when a young girl, for it during the 'teens' when nature calls upon every bit of the reserve strength we have, that we need blood, and my health was then I found Dr. Williams' Pink Pills a friend indeed. And again, now that the girlhood stage is past and I am a mother of four children, subject to all the cares and worries of the home, Dr. Williams' Pink Pills is the only tonic I take to keep up my health and strength, and they have never failed. Should any young girl or weary mother, due to my advice try these pills, I know they will find them as equally good as I have done."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Saskatchewan Wheat Pool

The Saskatchewan Wheat Pool report an increase in acreage signed up for the new five year contract period, 1928-1933. They report 85 per cent of the old contract holders signed to date, also a large number of new contracts.

A Remedy For Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it works for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medical cotton and placed in the ear will do much in relieving pain.

First Maid: Your fiancée stutters quite a bit, doesn't he?

Second Maid: Yes, but it doesn't matter. After we are married he won't have a thing to say, anyway.

HELPED DURING MIDDLE AGE

Woman Praises Lydia E. Pinkham's Vegetable Compound

Sarnia, Ont.—"I am willing to answer letters from other women, to tell them the wonderful good Lydia E. Pinkham's Vegetable Compound did me. I cannot be thankful enough for the benefits received during the Change of Life. I do housework and my troubles made me unfit to work. A friend advised me to try the Vegetable Compound. I felt great relief at once, began to regain my appetite, and my nerves got better. I will recommend your medicine to all with troubles like I had."—Mrs. JOHN DENSON, 162 N. Christina St., Sarnia, Ontario.

A FRIEND OF THE PRESS

F. E. TRAUTMAN
Press Representative,
Canadian Pacific Railway

Newspaper editors and proprietors from the Great Lakes to the Pacific Coast, comprise quite a large fraternity, and to know each and every one individually means a fairly large acquaintanceship. Mr. F. E. Trautman, C.P.R. Press Representative, will possibly tell you that he has more than a nodding acquaintanceship with all the old-timers and most of the men who have more recently entered the newspaper field in Western Canada. Quite a few years have passed since Mr. Trautman quit the editorial chair of the Fort William Times-Journal, to enter the service of the Canadian Pacific Railway in its present capacity. During the intervening time he has cultivated and held the friendship of the newspapermen throughout Western Canada in particular, and Eastern Canada in general. Mr. Trautman's outstanding characteristic is his geniality, and the whole-souled interest he has taken in the welfare of the press is proverbial.

He has been ever present at annual gatherings of the Manitoba, Saskatchewan, and Alberta weekly newspaper associations, and has contributed in his own way, and in a large measure to the success of these conventions.

Reduced By Asthma. The constant strain of asthma brings the patient to a dreadful state of hopeless exhaustion. Early use should by all means be made of the famous Dr. J. D. Kellogg's Asthma Remedy, which more than any other acts quickly and surely on the air passages and brings-blessed help and comfort. No home where asthma is present in the least degree should be without this great remedy.

Hope is one of the greatest things in life. And if a little work is added to it the result is achievement.

Minard's Liniment—a reliable first aid.

The value of the production of the fisheries of Canada for the year 1927 was \$48,460,800.

DON'T suffer headaches, or any of those pains a tablet of Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every drug-store has it, but don't fail to ask the druggist for Bayer. And don't take any but the tablets that are stamped with the "Bayer Cross."

Growing More Potatoes

Greater Acreage Was Planted To

Twenty per cent. more acreage was planted to potatoes in Canada this year than last, according to the Dominion Department of Agriculture. All provinces report a slight increase in acreage with the exception of Saskatchewan and British Columbia. Conditions of crop are favorable throughout the Dominion, according to reports.

Miller's Worm Powders, being in demand everywhere, can be got at any chemist's or drug shop, at very small cost. They are a reliable remedy for worm troubles and can be fully relied upon to expel worms from the system and abate the suffering that worms cause. There are many mothers that rejoice that they found available so effective remedy for the relief of their children.

Frown On Reckless Flying

Ban Placed On U.S. Army Aviators Doing Daredevil Stunts At Exhibitions

A ban was placed today on United States army aviators participating in exhibitions of dare devil stunts, such as wing walking and performances of a similar nature.

"This does not, of course, apply to legitimate flying acrobatics at proper altitudes," explained Army Air Secretary Davidson, "but merely to exhibitions such as trapeze work, wing walking, changing from one plane to another in the air, transferring from automobile to airplane and stunts of that character."

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Deny Responsibility

Reject Charge That Catholic Clergy Responsible For Murder Of Oregon

Bishop Miguel De La Mora, in behalf of the episcopal sub-committee, has issued a statement rejecting the charge that the clergy was responsible for the murder of president-elect Obregon.

He declared the fact that one Catholic priest and one nun were involved in the crime did not mean that the clergy as a body was responsible.

The statement asserted that it was publicly known that the Mother Superior, Concepcion Acosta, De La Mora was mentally deranged and that several cases of insanity have been reported in her family. The mother superior was named by Jose De Leon Toral, the slayer, as having indirectly influenced him.

Secure Grazing Lease

A lease for grazing purposes of 51,807 acres of land northwest of the South Saskatchewan river, has been granted to the Home Ranch Company Ltd., of Bow Island, Alta.

Greyhounds are perhaps the oldest known type of dog. Stone carvings dating back to about 400 B.C. show figures of these graceful animals.

It's more than a problem in geometry to square the eternal triangle.

When a small boy isn't doing anything else he eats something.

SEES NO SIGNS OF DECADENCE IN BRITISH EMPIRE

London, Eng.—"I am going back better-placed than ever that I am a British citizen," declared Premier G. Howard Ferguson, of Ontario, to the Canadian Press, before his departure for Canada.

Premier Ferguson has been in Britain and Europe studying migration possibilities, educational systems and agriculture since early in June.

"The man is a fool who says the old country is decadent," Premier Ferguson said.

"Like every other country in the world, England lost a generation of the brightest and most promising men who were on the threshold of business or public life. The still younger group who were then her military age are now coming on. The next ten years ought to be the most striking in the whole history of Empire development."

The premier said he found conditions in Scotland and Ireland greatly improved.

Speaking of agriculture in Britain, Premier Ferguson said that an all-round good crop meant ultimate prosperity.

"I can see a distinct advance everywhere in interest in overseas," the premier declared. "The pressure of the unemployment problem will bring of itself a greater consolidation of imperial sentiment and imperial forces generally."

Ontario Wheat Pool

Meets With Good Success After One Year's Operation

Chatham, Ont.—In one year of operation the Ontario Grain Pool has proven an outstanding success, and, according to present indications, greater things will be achieved in the next year. The farmers have been educated to realize the benefits of co-operative marketing, and they are getting solidly behind the pool movement in Ontario. Their efforts were brought out at a meeting here, where the pool's affairs, past and present, were discussed.

The speakers were Colin H. Russell, Winnipeg, president of the Manitoba Wheat Pool, and H. A. Gillroy, Alvinton, president of the United Farmers of Ontario Co-operative Company. David L. McCreey, Wallaceburg, Kent County representative on the Ontario pool directorate, acted as chairman, and at the close of the morning meeting was unanimously re-elected to the governing board of the pool.

Mr. Gillroy told of the remarkable progress made by the pool movement in Ontario in a year, during which time hundreds of five-year contracts had been signed. He was backed by observation throughout the grain-growing areas that the growers were becoming convinced of the soundness of co-operative marketing and would join the pool in greater numbers during the next twelve months.

Unable To Visit Canada

Ottawa.—Information has reached the Government here that Lord Hailsham, who will act as Prime Minister of Great Britain in the absence of H. H. Asquith, will not now come to Canada with the Empire Parliamentary Union, which is expected to arrive here the last week of August.

Noble Submits Report

Rome.—Premier Mussolini has received General Umberto Noble, who presented to him his first report of the Italian disaster. The Italian premier, sometime ago, informed the cabinet that a complete investigation would be made into all phases of the loss of the North Pole dirigible.

Given Farewell Luncheon

Winnipeg.—Dr. C. C. Wallace, who soon will assume the presidency of the University of Alberta, was tendered a farewell luncheon by members of Manitoba Mining Associations. A presentation was made Dr. Wallace by Col. H. F. Odeh.

Venusus In Eruption

Naples, Italy.—The volcano Mount Venusus is in eruption, the clouds of smoke and lava being visible for 25 miles. A cordon of troops has been established about the base to keep tourists from the danger zone.

Respect For Flag

Kingston, Ont.—Ontario branch Canadian Legion, in convention here, condemned the use of the Union Jack to drape desks at meetings, and, would have it used only as a flag.

W. N. U. 1746

Italian Submarine Disaster

Twenty-Seven Of Crew Perish In The Tragically

Rome.—Poisoned by acid fumes or drowned in the first rush of water, the crew of the Italian submarine F-14, sunk in a collision in the upper Adriatic, died to a man at their posts apparently with fortitude and resignation.

The stricken submarine was raised to the surface after 34 hours of desperate labor by divers who worked four after hours to attach an air-pipe to the sunken vessel and to fasten steel cables in order that she might be lifted to the surface.

Twenty-seven perished in the tragedy. First reports received by the naval authorities indicated that there were 31 men aboard, but a check of the bodies today revealed that four of the crew had remained ashore for reasons which have not yet been ascertained. Included in the victims were two officers, Captain Weil and Commander Pasulo.

Captain Weil and Commander Pasulo were both at their posts of command in the conning-tower while the remaining members of the crew were all found dead at their stations. There were no visible signs of panic aboard the boat.

Pilgrims At Ypres

Impressive Ceremony Is Held In Which 11,000 British Veterans Participated

Ypres, Belgium.—Eleven thousand British veterans of the Great War, including 3,000 women who served in various capacities during those four terrible years, gathered at the Menin Gate on Aug. 8, for a solemn ceremony in commemoration of their comrades who fell in the desperately held Ypres salient.

Among them stood the Prince of Wales, Lady Haig, the widow of Britain's victorious commander; Admiral Jellicoe, president of the British Legion, who headed Britain's naval forces in the great struggle, and other commanders who bore a share in the battle of Ypres.

The pilgrims had come, some marching along the familiar roads and others by train, their numbers swelled by thousands who had gathered to witness the ceremony until it was estimated that nearly 20,000 men, women and children joined in singing the opening hymn, "O Valiant Heart." The service, in which the huge congregation participated, was beautifully simple and supremely impressive.

Storm-Swept Florida

Hurricane Creates Havoc Over a

Jacksonville, Fla.—After hammering at communities in the sparsely settled sections of East Central Florida, the tropical storm emerged to sweep Winter Haven and other towns in the rich central citrus country. City officials at Winter Haven, approximately 50 miles east of Tampa, related that winds of 75 miles an hour velocity had followed earlier gusts of 40-mile speed.

Grave fears are felt for the great citrus orchards, laden with fruit, in the immediate path of the storm. Meanwhile reports trickling in from the country between the sea and the coast and the Atlantic told of half a dozen towns and communities visited by damage from the storm.

Co-Operative Movement

Wholesale Society Expects To Establish 200 Stores In Saskatchewan, Sask.—Referring to the recent announcement of the formation of the Saskatchewan Wholesale Society, which is being sponsored by the United Farmers of Canada to sell goods to consumers at as near cost as possible, W. W. Moore, secretary, said that about 200 stores would be established within the first year.

Preference will be given to districts known to be favorable towards co-operative effort. Within the same period he hopes to see between 700 and 800 trading units founded so that the province will be fairly well covered.

To Identify British Products

London.—"Empire marketing begins at home," inscribed on a Union Jack, is a feature of the national park designed for the furtherance of a government scheme for ensuring the identification of British products.

Bombs Thrown By Bandits

St. Paul, Minn.—Blinded by tear gas bombs thrown by bandits the driver and five guards in a twenty-five-ton armored car were robbed of \$20,000 in currency here recently.

New Telephone Service

All-Canadian Phone Service Between Winnipeg and East Is Inaugurated

Winnipeg.—Inaugurating the all-Canadian telephone service between Winnipeg, Toronto and Montreal, via Port Arthur and Fort William, officials of the Bell Telephone Company, the Canadian Pacific Railway and the Manitoba Government, recently spoke to one another across 1,605 miles of copper wire.

The new line between Winnipeg and Montreal is approximately 1,605 miles, and is erected on Canadian Pacific telegraph pole line from Manitoba to Sudbury, via Port Arthur and Fort William; from Sudbury it connects to all eastern points by the Bell Telephone Company line, and the weight of copper of the new line amounts to 350 tons. There are nine repeater stations to amplify the conversations. This is the third stage in the all-Canadian telephone route the first being Winnipeg to Alberta in 1922, the second Winnipeg to the head of the Lakes in 1924.

The fourth stage is now being completed across the Rockies, the Canadian Pacific right-of-way being largely used, construction now nearing completion for the coast-to-coast telephone service entirely within the Dominion.

COMES TO AMERICA

Hon. Mrs. Lord Guinness, one of the most beautiful English aristocrats, is to take up residence in Pittsburgh, Pa., with her husband, who has been placed in charge of his father's business in that city. Before her marriage, a year ago, Mrs. Guinness was Hon. Joan Yarde-Bulwer, daughter of Lord and Lady Churston.

British Harvest Help

Satisfactory Arrangements Completed With The British Government

Ottawa.—Satisfactory arrangements have been completed with the British Government for the movement of harvest help from the British Isles to the wheat fields of Western Canada, according to a statement issued by the department of immigration and colonization.

This movement, which will begin at once, will be under the direction of the British Government, the Canadian National Railways and the Canadian Pacific Railway.

The two railways will be responsible for placing the men in harvest employment on their arrival from the Old Country and the Dominion Government, and the Provincial governments will co-operate with the railways in placing these harvesters in winter farm employment in Canada after the rush of the harvest work is over.

Satisfactory arrangements have been made for the return fare for those harvesters for whom winter farm employment cannot be found.

English School Girls Arrive

Will Make Educational Tour Of Canada From Coast To Coast

Montreal.—Twenty-five English school girls have arrived in Canada to begin a two months' trip arranged under the auspices of the Imperial Daughters of the Empire.

Their itinerary, which takes them to the maritime provinces, to Northern Ontario and Central Canada, the Rockies and the West, has been planned to give the girls a taste of the many phases of Canadian life. The party will return home on October 11.

Long Trek For Pension

St. John, N.B.—"Disabled soldier on way to Ontario to fight for pension that was taken away" is the inscription on a placard which Joseph McIntosh, a returned soldier, wore across his shoulders as he left the city on a long trek to the federal capital to seek renewal of his pension of \$110.75 a month.

Fresh Airmen Killed

Paris.—Captain Labbe and three assistants were killed when their plane crashed at Bourges near the end of a 24-hour flight. The plane was burned. The charred bodies of the men were recovered from the wreckage.

French Plane Crashes

Maurice Drouhin, Noted French Aviator, Is Fatally Injured

Orly, France.—Another attempt to fly from Paris to New York ended in disaster before it had even begun. The giant tri-motored "Rainbow" crashed on the landing field at Orly aerodrome, killing the mechanic, Lanet, fatally injuring the pilot, Maurice Drouhin, noted French flyer, and injuring two others, Gianoli and Mannel.

The big plane, designed by Rene Gueniet and built entirely of wood, so constructed that all of its essential machinery would be accessible during flight, was a complete wreck. Parts of the wings, fuselage and wires being strewn for 1,000 yards along the field.

"The Rainbow" was being put through its final test preparatory to a start across the Atlantic this week when the accident occurred. It was racing close to the ground at about 125 miles an hour when a few spectators noticed a huge wing wobbling. The engines were cut off, but the deformation of the wing caused the plane to shoot almost perpendicularly into the air to a height of about 450 feet. There it slid to one side, apparently refusing to respond to the controls.

As it reached the ground it tore through a strong wire fence, knocked over iron posts, and crashed against the corner of a hangar, coming to a stop a crumbling wreck on the road bordering the field.

Dies From Wounds

Stefan Raditch, Croatian Leader, Succumbs To Injuries

Vienna.—Stefan Raditch, Croatian peasant parliamentary leader, died recently at Zagreb, capital of Croatia, of wounds he received in a fight with troops and everywhere ready to suppress trouble.

Raditch died of wounds received last June 20, in parliament, when a radical deputy, Puntica Raditchich, infuriated at frequent interruptions, whipped out his pistol and fired six shots into a group of Croats.

Each shot claimed a victim, two being killed, one of them a nephew of Raditch, and four wounded.

For a time Stefan Raditch's condition improved but he suffered a relapse which finally brought about his death.

Since his assassination Croats have been in a condition almost of martial law, with troops patrolling its cities' streets to quell possible peasant demonstrations occurring as a result of the episode.

A Message To Women

Miss Isabel Macdonald Does Not Believe In Equality Of Sexes

Toronto.—Miss Isabel Macdonald, who is visiting here with her father, Right Hon. Ramsay Macdonald, Labor leader, issued a message to the women of Canada. It read: "Women are coming into public life not to work against men, but to co-operate with them in improving public affairs. I do not believe in equality. Men and women cannot be compared. Women are just as important as men but they are not more than A and B in the alphabet."

EXTENSION OF PREFERENCE IS EXPECTED SOON

Ottawa.—The Citizen says: "A very important regulation vitally affecting British trade with Canada, is scheduled to go into effect this autumn, but just when this will be for the government to decide."

It is a matter of policy it has been agreed to increase from 25 to 50 per cent the requirement of Empire labor and materials in British imports before setting the second hanging date for the youthful July 4th, and the 12-year-old school girl here last December.

"The new exaction of fifty per cent Empire labor and materials will not only rectify this, but will have a large influence on the importing trade in Canada."

Leaves Big Fortune

London, Eng.—Capt. Alfred Loewenstein, the Belgian capitalist, who met his death by falling or jumping from an airplane over the English Channel the night of July 4, lost \$60,000,000 in the three weeks preceding his death, according to the Evening News. This newspaper said it learns that Loewenstein left \$40,000,000 to be equally divided between his wife and son.

Hickman Sentenced

Los Angeles.—William E. Hickman was sentenced to be hung at the Quentin prison in California on October 19 next, for the slaying of Marian Parker. Judge Douglas Edmonds over-ruled nine defence objections before setting the second hanging date for the youthful July 4th, and the 12-year-old school girl here last December.

May Defend Old Age Pensioners

Toronto, Ont.—Old age pensioners may be deferred in Ontario for another year. Indications are that the survey ordered by Premier Ferguson will not be completed for the next session of the legislature, and so the bill may come up on the eve of the next election.

Buys New Plane

Dessau, Germany.—Charles A. Levine, first trans-Atlantic aviator, has purchased a Junkers plane of the Bremen type for 100,000 marks (about \$23,850) for delivery here next week.

RAILWAYS MAKE PREPARATIONS TO HANDLE CROP

Montreal.—Canadian railroads are completing plans for moving the 44,000 harvesters called from Eastern Canada to help harvest the expected record wheat crop in the West.

The Canadian Pacific started its first excursion from the Quebec district on August 14, and one from New Brunswick, August 18. The fare from stations in Ontario and Quebec is to be \$15, and from points in New Brunswick, St. John, and west, \$30 to Winnipeg, plus half a cent a mile beyond all points in Manitoba, Saskatchewan and Alberta, to and including Edmonton, Calgary and Macleod.

The harvesters are all destined to Winnipeg, whence special arrangements have been made for the speedy distribution to points in the West where they are most needed.

Return fares are at \$20 from Winnipeg to points in Ontario and Quebec, and \$25 to New Brunswick, plus the half-cent-a-mile rate to Winnipeg from points in the West.

The Canadian National will run its harvester excursions from August 9 to August 31. Special provision will be made for the care of families travelling on harvester excursions over the Canadian National System.

Preparations are practically completed by the railroads for movements of the new harvesters. The Canadian Pacific has set aside more than 40,000 box cars for the movement, a much greater number than in any previous year. Seventy-nine great engines have been loaned by Eastern lines, 13 of these new locomotives being of the Mikado type with both superheater and feed water attachments.

Engines are clearing rapidly at the head of the Lakes. Grain carriers across the Lakes are moving east an average of 1,240,000 bushels a day.

Rich Gold Strike

Gold and Platinum Found In Northern Saskatchewan

Edmonton, Alberta.—Said to be incredibly rich in gold and platinum, a "strike" has been made along the north shore of Lake Athabasca, to the east of Black Bay, in the province of Saskatchewan, according to a statement made by Ed. Meyers, Fort Chipewyan trader, who is now in the city.

Jack Hersey, well-known northman, made the strike, following sporadic search for many years along the north shore of the lake, which has long been rumored to be rich in gold-bearing quartz.

Tests made at the University here disclose that some of the ore carries a content of precious minerals as high as 54 per cent, although this has not yet been confirmed.

According to another northerner, Charlie L'Argent, who makes one of the syndicate parties in outfitting for the scene of the new find, "one" of the assays gave average returns of \$45 per ton of some of the quartz shipped south from the scene of the find.

Leaves Big Fortune

London, Eng.—Capt. Alfred Loewenstein, the Belgian capitalist, who met his death by falling or jumping from an airplane over the English Channel the night of July 4, lost \$60,000,000 in the three weeks preceding his death, according to the Evening News. This newspaper said it learns that Loewenstein left \$40,000,000 to be equally divided between his wife and son.

Hickman Sentenced

Los Angeles.—William E. Hickman was sentenced to be hung at the Quentin prison in California on October 19 next, for the slaying of Marian Parker. Judge Douglas Edmonds over-ruled nine defence objections before setting the second hanging date for the youthful July 4th, and the 12-year-old school girl here last December.

May Defend Old Age Pensioners

Toronto, Ont.—Old age pensioners may be deferred in Ontario for another year. Indications are that the survey ordered by Premier Ferguson will not be completed for the next session of the legislature, and so the bill may come up on the eve of the next election.

Buys New Plane

Dessau, Germany.—Charles A. Levine, first trans-Atlantic aviator, has purchased a Junkers plane of the Bremen type for 100,000 marks (about \$23,850) for delivery here next week.

Air Express Inaugurated

Before the propeller stops whirling the Canadian Pacific Express truck is on its way to the city with parcels for delivery. A new air route gives bi-weekly express service in each direction between Toronto, Ottawa, Montreal, and Rimouski. Two days is gained over regular express schedules, western consignments being transferred to the Vancouver Express at Toronto.

Where Does the Money Go?

Though there has been a steady run at the mines since before Christmas, merchants state that there seems to be a shortage of cash in circulation. Various reasons might be assigned for it. It may be that people are putting by more cash than formerly, though this is not likely to be very much, as there is very little difference in the cost of living since the high peak of 1920-21.

It is certainly not being spent on riotous living, for the beer and liquor vendors are not making big sales. There is one avenue where money from all over the west is going to, and that is down east to automobile companies. Most cars are purchased on the time payment plan, and the monthly payments may run all the way from \$40 to \$100 monthly. Estimate the number of cars so purchased in every community, and you find that hundreds of thousands of dollars are going to car manufacturers monthly.

Though this may make a cash shortage in some communities, yet those who buy cars under this plan get a great deal of pleasure which would be impossible if they had to pay cash. The only bad feature about the plan is that often some with insufficient incomes to afford a car land themselves into difficulties in not being able to meet the bills which rightly should come ahead of car purchase payments. First things must always be attended to first, or the individual stores up trouble for himself and those to whom he is indebted.

A Maze of Names

The list of names of those who passed their school examinations, recently published in the daily newspapers, doubtless made many dizzy. One would think that a less cumbersome system could be used whereby the names could be listed in districts, instead of every newspaper publishing the complete list in order to be sure of giving complete results.

Not only in Alberta has this been the case for comment, but in Saskatchewan the same method has been in force, and the same complaints have been made.

It seems that the dailies will have to make plain to the department responsible, the advantage that would accrue in publishing the list in districts instead of issuing a hodgepodge list of the entire province. The dailies are far too generous in standing the expense of paying linotype operators, proof readers and giving columns of space, a large proportion of which is useless.

Road Improvements

It is good policy at times to remain silent when one is tempted to offer remarks on topics of public interest. But the trouble is that if one does not express an opinion, he is criticized for saying nothing. On the other hand if he says something, he is accused of shooting so much "hot air." People look to the newspapers for information on current events, and they also look particularly to their local newspapers for local comment, though they may disagree with it, which is to be expected.

The road improvements being made at present furnish a good example. Some who watch the daily progress of the work think the council is not spending enough, and that a more permanent road should be built which in the long run would be more economical. Others take the opposite view. Possibly the council takes the view that there is a certain amount of money raised annually, and this necessarily governs their expenditure.

But for permanent improvements such as sidewalks, roads, or public utilities of any kind, sums far in excess of the current year's revenue must be expended if a real job is to be done. The practice in most mining towns is to do what is required each year, for history records that they occasionally blow up (comparatively speaking) overnight. But there is good reason to believe in the future of Coleman sufficiently to make provision for improvements of a permanent nature. With two coal companies whose invested capital is sufficient to indicate their faith in this coal producing area for many decades, it would be reasonable for the council and the school board to make provision for development considerably in advance of day-to-day requirements. It is the piecemeal policy which has the tendency to retard progress.

A little more faith in the future and its possibilities, a little more imagination, and a little more vision would be beneficial to the town as a whole.

Pat Burns, who rose from a very humble start to be a leader in Alberta's business life, in addressing a salesmen's convention, stated there were just as many opportunities to-day as when he was a younger man. And he is quite right!

"Cabot II"

"You know, I think that since Cabot sailed from Bristol to discover Canada, somebody from Bristol should be included among the 50 young 'Ambassadors of Empire'. That is how this lad, Matthew A. Nicholson, age 17, of Bristol, England, son of a former pit workman, gained his place among the young travellers whose literary brought them to Canada this summer aboard the S.S. Albatross to tour the Dominion from coast to coast under an unequalled Empire educational scheme, planned by the Allied Newspapers of Great Britain, the Cunard Line and the Canadian National Railways. Matthew had fared by a close margin in his examinations. As he made his exit from the scene of judgment, it occurred to him that the Cabot argument was his second hope.

Here and There

An extension to the air-express services maintained by the Canadian Pacific Express Company has been announced, and a new air line will be opened early in September between New York, via Albany, and Montreal. Lines are already operating between Rimouski, Montreal, Toronto, and Ottawa.

A name of unusual distinction will be added to the Canadian Pacific's Royal Family of ocean steamships when the fourth 20,000-ton vessel of the new "Duchess" class is launched in Scotland. She will be named the "Duchess of York" and will be christened by Her Royal Highness the Duchess of York herself, the ship's name being recently changed from the "Duchess of Cornwall."

Despite the doubts of nervous tourists, the grizzly bear is more attracted by the sight of a huckleberry bush or a stream full of fish than the prospect of a juicy specimen of humanity, and the splendid crop of huckleberries now in British Columbia will probably contribute to a successful hunting season during the month of September and the early part of October.

Fort William, Ontario. — Three grain elevator corporations with large interests at the Head of the Lakes are involved in a merger of several powerful Canadian terminal and line elevator companies, the new company being known as the Canadian Consolidated Grain Company. A total of 12,000,000 bushels of elevator capacity will be owned and operated by the new company.

Betty and Buster Brin, two little black bear cubs, have sailed from Montreal for Italy where they will be presented to the Margherita de Phedro, the famous Italian round-the-world flier. They are wootly babies, scarcely larger than a child's toy teddy bear, and of an amiable disposition. They were obtained by Mr. E. Roncarelli of Montreal, through the General Tourist Department of the Canadian Pacific Railway, and are similar to the little bears sent over by him a few years ago to Mussolini.

The Dominion Government is going in for pigeon breeding with the object of training these birds for purposes of communication. The Department of National Defence is to have charge of the work. The Civil Service Commission has announced an open competitive examination for a pigeon-loft manager in connection with the civil government air operations of the Department of National Defence, to organize and administer a pigeon communication service.

The Canada Goose makes remarkable migratory flights but it is not generally known that civilization has so far effected his habits that sometimes he travels by railway. A pair of wild geese enjoying this modern luxury passed through the Windsor Station, Montreal, under the proverbial wing of the Canadian Pacific Express in a specially constructed crate. There are a number of bird sanctuaries throughout Canada and the United States where piloted geese are kept to reassure the commuters that all is safe and secure for them to stop and rest on their flight north and south.

Antrobus' Sell Good Shoes

SMOOTHNESS and ENDURANCE never before known at the price

WITH its sound basic design and its background of scientific development on General Motors Proving Ground—with its production advantages provided by the vast facilities of General Motors with its score of engineering advancements, including the famous G-M-R cylinder head—

—Pontiac Six offers a combination of smooth six-cylinder performance and high-speed endurance, the equal of which is found in no other car in the world selling for so low a price.

Its smooth, silent performance, combined with the beauty and luxury of its Fisher bodies, provides a measure of owner satisfaction unequalled in its field. And its tremendous endurance results in unparalleled length of life, which in turn, is expressed in consistently high resale value.

More important reasons for the selection of any car have never been found. That's why ever-increasing thousands are choosing the Pontiac Six . . . why Pontiac sales for 1928 are far ahead of previous records.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

THRILL with energy—like a spirited thoroughbred that will let no other pass—the 1929 McLaughlin-Buick tubers in new and unrivalled power of acceleration.

Never was there an automobile so responsive, so mobile, so sensitively flexible. Never an automobile with such dash and spirit. Never an automobile so thrillingly alive to every desire and demand of the driver!

Increased bore and stroke in the world-famous valve-in-head engine—a tremendous increase in power—new and advanced carburetion—high pressure gas pump—all combine to

produce accelerating abilities which will be the envy of other motorists.

Pick-up, getaway and top speed—a greater top speed than ever before—all are attained in the fewest possible seconds in the new, 1929 McLaughlin-Buick.

If you want the feeling of dash, power, swiftness—just look out over the mighty hood; and if you want to experience traffic mastery—just press the accelerator.

Drive it and you'll say, there never was a car like this great, new McLaughlin-Buick. It provides acceleration like a shot from a gun!

The G.M.C.A. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

CHAPTER XXX—Continued

Only desperate men would ever have dreamed of such a plan as this. The camp was fenced with eight strands of barbed wire, and every sixth fence-post carried an arc light. But with the aid of a file which one of the men possessed, they would cut the two lower strands, at dusk, just before the lamps were lighted, and crawl through. At the last moment the other two men grew panicky. "It is sure death," said one; "they'll catch us. I can see how they are watching us. I'd go, and take a chance only I have a wife and kid—I've got to think of them."

The other man declared the plan a foolish one on account of the weather. "Hain in Germany is too much like the corner of Portage and Main," he said.

A new batch of prisoners had come in that day, and one of them, who was standing near enough to hear, came to Jack and asked if he might go. He was a grizzled man of about thirty-five.

"I have no one depending on me," he said, "and I have already tried twice."

"Come along,—sure," said Jack, "three times and out."

"Thank you so much," said the man heartily.

Jack was startled by his politeness. A prison camp does not always foster the social amenities.

"Your name is Doran, is it not?" asked his new friend.

"Mine is English—at least that is my nickname. We are both from Canada. . . . We might as well try

What will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night, may find you very thankful there's a bottle in the home. Just a few drops, and the colic or constipation is relieved, or diarrhoea checked. A vegetable product, a baby remedy made for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it if may spare you a sleepless, anxious night. It is always ready, always safe to use, in emergencies, or for everyday ailments. Any bout of the day or night that makes you come fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

W. N. O. 1746

boldly into a garden as they came through a village. He had a way of quieting the dogs by a peculiar whistle and this gave him a distinct advantage. The dogs who came out barking fiercely, changed their attitude when he spoke to them, and even showed a disposition to follow him.

"If the dogs could bring us food we would have plenty," he said that day, as they sat in the spruce thicket. "The chances are against us, Jack, but one of us may get over."

"One of us!" exclaimed Jack, "It must be both or none!"

"No!" said the other, "It does not matter much about me. No one cares so very much, and it happens that the one person who cares a little bit about me, cares very much about you."

Jack looked at his companion—dishevelled, dirty, long-haired and long-whiskered, his eyes bloodshot, and wondered if his mind were going. "And who is that?" he asked again, as if he would hug his poor friend's mood.

"Your wife, Helmi!"

"Helmi!" Jack repeated, "My Helmi!"

"Yes, yours—she is the only woman except my mother who ever cared whether I lived or died."

Then he told Jack of his quarrel with Larsen in Eagle Mines, and of Helmi's kindness, and of the week he had stayed in her house.

"She asked me to pray for you, Jack," he concluded, "and I kissed her golden hair. She told me she was sure you would go to the war, and asked me if I met you would I be your friend. That is why I came—it seemed as if I must come—when I found you at Vehmehor."

Jack's voice trembled as he spoke. "Then you are Arthur Warner, and I have been doing you wrong in my thoughts. No one told me you were hurt—they only gave me half the story. When I got back I found Helmi gone—gone without a word. She had been gone a week—I was a month late, but she might have waited."

The trees were throwing long, cold shadows over the sweeping current of the river.

"Did you not know there was a good reason for her going?" Arthur asked, after a pause.

"I knew nothing," said Jack. "What reason could there be?"

"She went to the city to a hospital to give birth to your child."

Jack's face grew white with pain. "How do you know?" he whispered.

"She told me. I wanted her to come to England and train as a nurse, and when I argued with her, she showed me a little dress she had been making, and told me, and she told me she was glad. Her only sorrow was that you were away and the adventure you were on was gone."

"I did not know," Jack growled. There was silence then, when neither man could speak.

(To Be Continued.)

Sir George Will's Estate

The tobacco magnate, Sir George Alfred Will, who died July 11, left a fortune of \$50,000,000. The bulk of the estate goes to his children, but at least twenty million will go to the government in the shape of a levy on inheritance. Sir George was the tenth of his family to leave an estate exceeding a million pounds.

An auto bus company in Europe is compelling each passenger to buy in addition to the regular ticket, a special slip covering his share of the gasoline tax.

The world's record for the one-mile walk, was set by G. H. Goulding, of Toronto, Canada, in 1910. His time was 6 minutes and 25.8 seconds.

The name "midshipman" for cadets originated in the English navy about 200 years ago.

VERY HARD RED PIMPLES ON FACE

Was Terribly Disfigured. Healed by Cuticura.

"My trouble began with small pimples breaking out all over my face. They were very hard and red and scaled over. The pimples burned, especially when I rubbed them, and my face was terribly disfigured. The trouble lasted over a period of six months."

"I used several well-known remedies without success. I decided to try Cuticura Soap and Ointment as purchased here, and after using two boxes of Cuticura Ointment, along with the Cuticura Soap, I am grateful to say that I am completely healed. (Signed) Eldred Clark, Box 87, Mountain, Ont.

Rely on Cuticura Soap and Ointment to keep your skin clear. Send for free booklet. Address: Cuticura (Dept.) "Cuticura, Ltd., Montreal," Print. Soap Co., Montreal, P. Q., Canada.

Granted Temporary Parole

Two Negroes Sentenced To Death May Escape Freely

Governor Graves, of Birmingham, Ala., granted a temporary parole of 60 days to two negroes convicted of murdering a negro who later returned to her home after several months' absence on a visit to relatives. The two men were charged with chopping the woman's body in pieces and throwing them into the Alabama River. The parole was granted pending an official investigation.

MANY MOTHERS RECOMMEND THEM

Baby's Own Tablets Are Fine For Nervous, Sleepless Children

From Canada's fame of Baby's Own Tablets is spreading over the world. Mothers recommend them to other mothers and wherever they are tried nothing but words of praise are heard for these pleasant tasting little tablets that promptly relieve the minor ailments of young children.

"Baby's Own Tablets are one of the best remedies for children's ailments I have ever used," says Mrs. Arthur T. Allen, of Auburn, Me. "My little girl was nervous, could not sleep. I tried the Tablets and she was relieved at once. She was also troubled with constipation and nothing seemed to help her. I had used the Tablets but a short time before her bowels were regular. All mothers should keep Baby's Own Tablets in the house, for they are a valuable remedy."

Baby's Own Tablets are sold by all druggists or will be mailed on receipt of price, 25 cents per box by The Dr. Williams' Medicine Co., Brockville, Ont.

Co-Operative Wool Growers

Shipments Already 50,000 Pounds Over That of Last Year

With the shipment of 12 carloads of domestic wool from Regina, regents, the Canadian Co-operative Wool Growers' Association is already 50,000 pounds over last year in its shipments from Saskatchewan and Manitoba, according to W. W. Thompson, manager, at Regina.

Mr. Thompson said two more carloads would complete the season's work, and he anticipated that in the next two months the 1926 shipments would show a total increase of about 100,000 pounds over those of 1925. A substantial increase also had been shown in the range wool shipped from Maple Creek.

The Many-Purpose Oil—Both in the house and stable, there are scores of uses for Dr. Thomas' Electric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

"I notice that the humorists have been picking on the mosquito a good deal lately," writes J.R.M. "But I can assure them that the mosquito has his good points. He's a hospitable chap; he'll give you a bite and a swell time afterwards."

Political Professor: "Are you finding the campaign interesting?" Would-be M.P.: "Well, I am certainly learning a lot about my past I never knew before."

Papa—"But has he any self-confidence?" Pearl—"He must have. Dad. He opened a checking account with borrowed money."

According to a recent announcement, Tokio, Japan, has nearly 6,000 confectionaries—and bakeries, and only about 1,000 meat markets.

The kind of person Barnum said was born every minute is now born twice a minute.

Mindard's Liniment—the Universal Remedy.

Export Trade With Germany

Canada's export trade with Germany will be greatly increased under favorable treaty agreements which the Dominion is now endeavoring to establish with that country, according to Mr. B. Palmer, newly appointed Assistant Canadian Trade Commissioner at Hamburg.

Contract For Plane Hangar

The defence department is going to construct a large hangar for aircraft at the Rockcliffe Airfield near Ottawa, and the contract has been secured by MacDonald Brothers, Ottawa, the amount being in the vicinity of \$55,000, it was announced.

Let Minard's Liniment Relieve Pain.

Canada has given 57,000,000 acres of land to railway companies in the Northwest.

Canada is 18 times as large as France, 20 times as large as Spain.

Little Helps For This Week

"And now men see not the bright light which is in the clouds, but the wind, the pass, and cleanness them.—Job xxxvii. 21.

His purposes will ripen fast. Unfolding every hour; The bud may have a bitter taste, But sweet will be the flower. Blind Unbelief is sure to err, And scan His word in vain; God is His own interpreter, And He will make it plain. —William Cowper.

There is nothing in what has befallen or befalls you which justifies impatience or peevishness. God is inscrutable, but not wrong. Remember if the cloud is over you that there is a bright light always on the other side; also, that the time is coming, either in this world or the next, when that cloud will be swept away, and the fulness of God's light and wisdom poured around you. If your life is dark, then walk by faith; and God will guide to keep you as safe as if you could understand everything. —Horace Bushnell.

Homes For French Poor

Paris is preparing to turn land-locked on a large scale. Construction of modern apartments, on the site of one-time fortifications, is now under way. Officials estimate that 10,000 French families will be housed in the new buildings at a cost of about \$160 a year, for four rooms and bath.

There may be other corn removers, but you will not be completely satisfied until you have used Howland's Corn Remover.

Announcing the NEW UTILITY TRUCK -another Sensational Chevrolet Value 4 Speeds Forward • 4 Wheel Brakes

NOW Chevrolet presents the New Utility Truck—a low-priced haulage unit embodying every feature of advanced engineering developed through years of experience in commercial car-building and proved by exhaustive testing on the General Motors proving ground!

Typical of the progressive design embodied in this sensational new truck are a four-speed forward transmission, powerful non-locking four-wheel brakes, full ball-bearing steering mechanism, front shock absorber springs, air-bound seat cushions and channel front bumper. In addition, it offers all those basic features which have been so largely instrumental in Chevrolet's tremendous success as the world's largest builder of trucks—rugged rear axle with one-piece banjo-type housing . . . semi-elliptic springs set parallel to the load . . . completely enclosed valve-in-head motor with air cleaner, oil filter and positive action vane type oil pump . . . thermostatic control of water circulation . . . low loading height . . . generous road clearance and countless other features of comparable importance.

Visit your Chevrolet dealer and get a trial-load demonstration of this remarkable new truck! It has been developed to meet the modern conditions of business transportation and body types are available for every type of business.

Local News

Alex. Easton returned on Sunday from Golden, B. C.

Mr. and Mrs. Walter Purvis and "Buster" left on Tuesday on a month's holiday at Vancouver.

A breakdown in the coal cleaning plant of the International mine caused a stoppage of work on Tuesday.

Tony Nicholas is spending a week on a fishing trip at the North Fork. Albert Knowles is also enjoying the attractions of that favorite spot.

J. Williams, of the Public Health Department, accompanied by Chief Houghton, made an inspection of the town this week.

N. P. Eastwood, familiarly known as "Bub the Tailor," returned on Friday from a month's vacation at the coast.

Mr. and Mrs. A. Oliva returned on Friday from a three weeks holiday, during which they visited Philadelphia, Spokane, Banff, Calgary and Drumheller.

Mr. and Mrs. H. C. McBurney left on Sunday by car for Southern Manitoba and Winnipeg to spend a vacation. Mr. McNab of Calgary is assisting in the drug store, du-Mr. McBurney's absence.

On Sunday an expedition will set forth for the Pacific coast, headed by Fred Antolius as pilot. The other members of the party are Alex. McKinnon, Wm. Lees and George Morgan. They plan to spend two weeks on the trip, provided they are not detained en route for exceeding the speed limit, or lose

track of the time gazing at the bathing beauties on the beach.

Mr. and Mrs. Gillespie are spending a holiday at North Fork.

Mr. and Mrs. J. Moores and family have been spending a holiday at Creston, B. C.

Wedding

At St. Alban's Rectory, Saturday, Aug. 11, May Falcynay Russell Thomson of Lethbridge was united in the bonds of matrimony to Thomas Fullerton Smith of Lethbridge. They were attended by Mr. and Mrs. Sharp of Coleman, the brother in law and sister of the bride. Mr. Smith is the manager of the Lethbridge jail farm and has occupied this position for sixteen years. The ceremony was performed by the Rev. A. D. Currie.

Young Violinist Here

Stefan Humenik, a distinguished young violinist of Winnipeg, at present visiting with Mr. and Mrs. Paul Baron, played in the Orpheum theatre at Blairmore on Monday before a packed house. Last evening he played in Natal, and on Sunday evening he will play at the Ukrainian Labor Temple. East Coleman. Miss Mary Baron, the clever young pianist whose playing has often delighted Coleman audiences, assists in his programs, playing the accompaniments.
